***Variable Rates:** The Annual Percentage Rate may increase or decrease if the highest rate of interest identified as the 'Prime Rate' in the 'Money Rates' column of the Wall Street Journal increases or decreases on the last business day of the quarter. The Annual Percentage Rate will be equal to the Prime Rate plus a margin of: 5% for Tier 1; 7.74% for Tier 2; 10.75% for Tier 3; 12.75% for Tier 4; and 14.50% for Tier 5. A Shared Secured credit card has a margin of 7.50%. The interest rate can change quarterly in January, April, July, and October on the first day of the billing cycle following the date of the index change. The Annual Percentage Rate will never be more than 24%. Any increase will take the form of more payments of the same amount and extending the term or the time it will take to pay off the card balance.
